Disclaimer

This directory has been developed through consultation with a wide range of stakeholders during the months of March to May 2015. The directory content was reliant on the information provided to WHO and accuracy cannot be guaranteed. In time the information may become out of date. It is hoped stakeholders from Region VII will value this directory and update it regularly.
INTRODUCTION

Disability is a crosscutting concern of the different agencies of the government and non-government organizations. Our goals for building this directory are foremost for the Persons with Disabilities (PWDs) to strengthen their access to the various available services and programs of health, social welfare, education, employment through the help of the National Council for Disability Affairs (NCDA), Department of Social Welfare and Development (DSWD), Department of Health (DOH), and the Local Government Units (LGU), and for these sectors to foster further coordination and partnerships.

Primarily, the basic identification and referral pathways for different disabilities will direct you to the particular details and contact persons that will provide assessments and management, assistive devices and educational services. Moreover, lists of support group and basic advice, health tips and home modifications will serve as a simple guide. Following are the general organizations and associations and the over-all list of health facilities and educational services in Region VII.

With this information, we would like to in turn encourage persons with disabilities’ participation in decision-making in improving their lives to better health, higher educational attainment and more socio-economic involvement.
BACKGROUND

Disability prevalence is high and growing. There are over one billion people with disabilities in the world, of who between 110-190 million experience very significant difficulties. This corresponds to about 15% of the world’s population and is higher than previous World Health Organization (WHO) estimates, which date from the 1970s and suggested a figure of around 10%. The prevalence of disability is growing due to population ageing and the global increase in chronic health conditions. Patterns of disability in a particular country are influenced by trends in health conditions and trends in environmental and other factors – such as road traffic crashes, natural disasters, conflict, diet and substance abuse.

WHO global disability action plan 2014–2021: Better health for all people with disability
The Action Plan has three objectives:
• To remove barriers and improve access to health services and programmes;
• To strengthen and extend rehabilitation, habilitation, assistive technology, assistance and support services, and community-based rehabilitation;
• To strengthen collection of relevant and internationally comparable data on disability and support research on disability and related services.

MESSAGE

For the second time, the National Council on Disability Affairs proudly acknowledges the initiatives of World Health Organization in addressing the health and rehabilitation needs of people with disabilities in Region VII with this Directory of Rehabilitation and Health Service Providers which is expected to fill the gap on availability of information on existing rehabilitation services within these regions.

We also acknowledge the contributions of all stakeholders to the realization of this directory which will serve as a resource for individuals and families looking for available opportunities and services. This is also useful for organizations working on health and rehabilitation of persons with disabilities to establish coordination and network to improve availability and affordability of services and its efficient delivery.

NCDA is positive that this coordinated and synchronized efforts of all concerned stakeholders towards inclusion of persons with disabilities in all phases of recovery after typhoon Yolanda will continue. The power of information will boost people’s initiatives and participation in the development process.

Through the Region VII Council on Disability Affairs this directory will serve as a tool for all member agencies to expand according to the needs of all persons with disabilities within these regions. Let us also work together that in the near future, all regions will also develop their own resource directories.

Let us all unite in vision for an inclusive society for all.

Carmen Reyes-Zubiaza
Acting Executive Director III
MESSAGE

Over 1 billion persons with disability (PWDs) throughout the world have some form of disability. In the Philippines, the results of the 2010 Census of Population and Housing (CPH, 2010) show that of the household population of 92.1 million, 1.433 million Filipinos or 1.57%, have disability. Region VII has 109,000 or 1.60 per cent of the total household population. Many of the PWDs live in poverty, face discrimination and denied of basic services for growth development.

The Creation of this Region VII Directory of Resources for the Persons with Disability is significant for the sector because this is a practical guide for PWDs in accessing the programs and services of the government agencies and private industries.

The Department of Social Welfare and Development Field Office VII would like to thank the World Health Organization (WHO) and to all those who gave their unselfish support to this endeavor, which would help promote the rights of PWDs.

It is hoped that this directory will be updated for the benefit and interest of our PWD brothers and sisters.

MERCEDITA P. JABAGAT
Regional Director
MESSAGE

Every Filipino has the right to standard living, better health and adequate income in order to satisfy their needs and live gratifying lives. People with disabilities are among the most vulnerable and least empowered groups. They often experience stigma and discrimination with limited access to health care, education and livelihood opportunities. The disability should not be the hindrance to the rights of better health, a decent home and a quality of living.

To address the gaps and challenges on inequity in health, the Department of Health (DOH) launched the Kalusugan Pangkalahatan (KP) which is directed towards the achievement of the health system goals of financial risk protection, better health outcomes and responsive health system. KP seeks to ensure equitable access to quality health care by all Filipinos.

This directory is designed to facilitate easy access of services and strengthens the referral system in the region. The knowledge of the different government and non-government programs offered will give an opportunity to the PWD sector to a better array of services to address their needs and be referred appropriately to the right institution. Thus the DOH appreciates the scheme of the World Health Organization in initiating the development of this directory.

The Department of Health is encouraging everyone in realizing the dream of having a country where the dignity, equality and rights of persons with disabilities is executed. May this directory serve as the step in easy access to quality health and a key to improve the Health and Wellness of Persons with Disabilities, because Kalusugan Pangkalahatan is Health for all Filipinos.

Regional Director
MESSAGE

Access to health, social, education and employment services makes a significant difference in people lives. It results in better health, higher educational achievement and improved economic outcomes. Limited access prevents many of these positive outcomes. Currently Filipino people with disabilities lack access to the services they need. While Filipino people with disabilities have the same rights as everyone else, their rights to services often go unrealized.

In the aftermath of Typhoon Yolanda access to a broad range of services was even more difficult than usual. The World Health Organization (WHO) worked with a range of stakeholders to support access to basic health, rehabilitation and community services. As part of the ongoing efforts WHO has supported the development of this 'Directory of Disability Wellness and Rehabilitation Services'.

The purpose of this directory is to build back better knowledge of services and develop stronger referral practices across Region VII. Developed through extensive consultation this directory will enable government and non-government stakeholder to refer more often and more appropriately, and ultimately support better access to services for Filipinos with disabilities.

The WHO appreciates the efforts of the Department of Health, Department of Social Welfare and Development and the National Council for Disability Affairs in the development of this Directory. We acknowledge individual and collective efforts and encourage everyone to take responsibility for increasing access to services for people with disabilities.

BASIC ADVICES AND HOME MODIFICATIONS
FOR PERSONS WITH LOW VISION

Health tips
Keep blood sugar, blood pressure and cholesterol under control
Wear sunglasses to protect eyes; Never look directly at the sun
Wear safety glasses or protective eye shield when hammering, grinding, or using power tools
Keep prescription glasses up to date
Don’t smoke. Stay healthy.
Regular eye check-ups. For ages 65 and above, eye check-up must be done once a year

Home improvements

Maximize Lighting
• Maximize your overall room lighting.
• Use a table or floor lamp that has a gooseneck or flexible arm. Point the light directly on your reading material or task.
• Use incandescent or halogen bulbs in lamps to give a focused light. Be careful with these lights. They get hot, so don’t use one too close to you for too long.
• Get rid of glare. Glare can really bother someone with low vision.

Organize Your Home
If you are a very organized person, you may have to make only small changes to your home. If you are not naturally organized, you will want to develop routines that make life easier with low vision.

Everything has its place
• Keep things in the same place all the time. Put items in the same drawer or cabinet, or on the same table or counter space.
• Put things back in the same place every time.
• Store things in different size containers, such as egg cartons, jars, and shoe boxes.

Get familiar with common things
• Learn to recognize the shape of items, such as egg containers or cereal boxes.
• Use a phone with large numbers, and memorize the keypad.
• Fold different types of paper money in a different way. For example, fold a $10 bill in half and double fold a $20 bill.
• Use Braille or large-print checks.

Label your things
• Make labels. Use a simple form of Braille called uncontracted Braille.
• Use small, raised dots, rubber bands, Velcro, or colored tape to label items.
• Use caulking, raised rubber, or plastic dots to mark the "on," or certain settings for appliances, such as temperature settings on the furnace thermostat and dial settings on the washer and dryer.
Keep Your Home Safe
Remove things that you can trip on. Make changes to decrease your risk of falling.
• Remove loose wires or cords from the floor.
• Remove loose throw rugs.
• Do not keep small pets in your home.
• Fix any uneven flooring in doorways.
• Put handrails in the bathtub or shower and next to the toilet.
• Place a slip-proof mat in the bathtub or shower.

Organize Your Clothes
• Group your clothes. Keep pants in one part of the closet and shirts in another part.
• Organize your clothes by color in your closet and drawers. Use sewing knots or clothing pins to code for color. For example, 1 knot or pin is black, 2 knots is white, and 3 knots is red. Cut rings out of cardboard. Put Braille labels of colors on the cardboard rings. Loop the rings onto hangers.
• Use plastic rings to hold pairs of socks together, use these when you wash, dry, and store your socks.
• Use large Ziploc plastic bags to separate your underwear, bras, and pantyhose.
• Organize jewelry by color. Use egg cartons or a jewelry box to sort jewelry.

Organize Your Kitchen for Cooking and Eating
• Use large-print cookbooks.
• Ask your doctor or nurse where you can get these books.
• Use caulk, raised rubber, or plastic dots to mark the "on" and "bake" on the dials of your stove, oven, and toaster.
• Store food in specific containers. Mark them with a Braille label.
• Use a high contrast placemat so you can see your plate easily. For example, a white plate will stand out against a dark blue or dark green placemat.

BASIC ADVICE

Movement advice – Children
- Encourage child to move for themselves – only help them as much as needed to avoid frustration
- Children with disabilities might need longer time to learn new movements like learning to sit up, crawl, stand or walk. Give them time and opportunity to practice
- Avoid leaving your child in one position for long periods (more than 2 hours) – e.g. lying on their back
- Encourage a variety of positions – e.g. lying on tummy or side, sitting with support of pillows
- Use toys or objects to motivate child to move. Place just out of reach to encourage them to roll, crawl or pull up to stand

Arm & Hands Advice – Children
- Give child (safe) objects of various shapes and sizes to explore and feel with their hands
- Encourage them to pick them up and drop into a container or hand to you or another child
- Encourage your child to use both of their hands in play or everyday activities, even if one hand is harder to use than the other
- Encourage child to reach for objects – i.e. use their whole arm to reach something that is hanging or that you hold out to them
- Give opportunity to touch a variety of textures – e.g. water, water with bubbles, sand, dry rice, leaves, different fabrics
- Allow your child to help with everyday activities like dressing and feeding themselves

Playing & Learning Advice – Children
- Spend time playing with your child
- Use simple activities that they can understand then gradually make them harder
- If child does not understand how to do something show them what to do step by step
- You may need to teach them one step at a time
- Provide your child with a range of stimulation for learning – sing songs, look at pictures or books, allow them to feel different objects and textures
- ‘Toys’ can be simple everyday objects, e.g. you can recycle containers around the house for them to put things in/take things out of, fill a plastic bottle with stones to make a rattle
- Allow them to be around other children to watch and learn what they do

General Advice for Adults
1. Adapting to disabilities and/or functional limitations
   - Disability can mean adjustment and change, but there are many things that a person with disability, their family and community can do to help maintain quality of life.
   - Experiencing depression following onset of disability is common. Seek help such as counseling or support group if needed.
   - Talk with family about the changes that have happened and the things that are important for you to continue participating in.

2. Family Activities
   - Find ways to join family life, for example through giving advice, telling stories, looking after children, playing music, helping with household tasks and many others.
3. Community Participation
   - With some small adaptations people with disabilities can continue to participate in work, social and community activities
   - Approach employers or organizers of community activities to discuss how any barriers to participation can be overcome or if there are alternative ways of participating in desired activities.

4. Respect & Rights
   - People with disability often experience discrimination and barriers, but they have the same rights as everyone else and should be equally respected. Their rights include, the right to work, learn, marry, have children, and join in community activities.
   - Talking to other people with disabilities or if available joining Disabled Persons Organizations can help people with disability by providing advice, raising awareness of disability rights in the community and with Government, and referring to other services that can help.
   - People with a disability may be eligible for a PWD ID card that entitles them to discounts on health care and medications as well as some other transport and recreation costs.

5. Staying healthy
   - People with disability are at greater risk of developing further disability. This is because they might be less mobile, and may sometimes lead less active lives. Looking after your general health is just as important as it is for everyone else.
   - Find ways to remain active, avoid smoking and alcohol, and eat healthy foods.

Mobility Advice – Adults
   - People who sit / lie down for long periods (more than 2 hours) need to change position regularly to avoid pressure sores
   - Take gentle exercise. Keep active as possible. “Use it or lose it”
   - Encourage independence as much as able
   - Do activities in home, washing clothes, dishes, washing vegetables, sewing, gardening
   - Use a walking frame or cane or crutches to move around
   - Seek a wheelchair or artificial leg if needed
   - Explore barriers and how the home and garden could be organized so that it is easier for the person to move around, for example: build a ramp, clear a pathway to the bath and toilet area, put a plastic chair in the shower, put grab bars on the wall of a shower or toilet, make sure floors are clear

Self-care Advice – Adults
   - Put a plastic chair in the shower / bath and over the toilet
   - Dress the weaker limb before the stronger one
   - Install rails or grab bars next to steps, along path, in shower or toilet areas
   - Put hose pipe on tap for washing
INTELLECTUAL and LEARNING DISABILITY / NEURODEVELOPMENTAL DISABILITY

- Facilities with diagnostic tests
- Therapy centers
- Schools with Special Education (SPED)
- Support group / organization
  and Disabled people organization (DPO)
- Basic Advice
Basic Identification and Referral Pathway

**Basic descriptions / symptoms**

**RED FLAGS** denoting COGNITIVE DELAY

- Not alert to mother by 2 months
- Not searching for dropped objects by 6 months
- No object permanence by 12 months
- No interest in cause-and-effect games 18 months
- Does not categorize similarities by 2 years
- Does not know full name by 3 years
- Cannot count sequentially by 4 ½ years
- Does not know letters or colors by 5 years
- Does not know own birthday or address by 5 ½ years

For school age children

- Slow to remember facts
- Slow to learn new skills, relies heavily on memorization
- Poor coordination, unaware of physical surroundings and prone to accidents
- May be awkward and clumsy, and has trouble with fine motor skills

Reading skill (for school age children)

- Slow in learning connection between letters and sounds
- Confuses basic words
- Makes consistent reading errors:
  - Letter reversals: b-d, p-q
  - Letter inversion: m-w
  - Transpositions: felt-left
  - Word reversals: was-saw
  - Number reversals: 14-41
- Repeat, omits or adds words

Intellectual Disability / Intellectual developmental disorder
(revised from the DSM-IV diagnosis of mental retardation)
Source: Diagnostic and Statistical Manual of Mental Disorders (DSM-5)

Disorder characteristics
Impairments of general mental abilities that impact adaptive functioning in 3 domains, or areas. These domains determine how well an individual copes with everyday tasks:

1. Conceptual domain – includes skills in language, reading, writing, math, reasoning, knowledge, and memory
2. Social domain – refers to empathy, social judgment, interpersonal communication skills, the ability to make and retain friendships, and similar capacities
3. Practical domain – centers on self-management in areas such as personal care, job responsibilities, money management, recreation, and organizing school and work tasks

Can co-occurs with other mental conditions like depression, attention-deficit/hyperactivity disorder (ADHD), and autism spectrum disorder (ASD)

Comprehensive assessment by using both clinical assessment and standardized testing of intelligence (IQ test scores of about 70 or below).

Specific Learning Disorder (SLD)
Developmental disorder that became the umbrella term for mathematics, reading and written expression disorders.
Source: Diagnostic and Statistical Manual of Mental Disorders (DSM-5)

SLD with impairment in reading includes possible deficits in:
- Word reading accuracy
- Reading rate or fluency
- Reading comprehension

SLD with impairment in written expression includes possible deficits in:
- Spelling accuracy
- Grammar and punctuation accuracy
- Clarity or organization of written expression

SLD with impairment in mathematics includes possible deficits in:
- Number sense
- Memorization of arithmetic facts
- Accurate or fluent calculation
- Accurate math reasoning

✓ Individual’s performance in a particular area is well below average for age
✓ Readily apparent in the early school years in most individuals
✓ Not better accounted for by intellectual disabilities, uncorrected visual or auditory acuity, other mental or neurologic disorders, psychosocial adversity, lack of proficiency in the language of academic instruction, or inadequate educational instruction
Autism Spectrum Disorder (ASD)
(revised from the DSM-IV diagnosis of Pervasive Developmental Disorder)
Source: Diagnostic and Statistical Manual of Mental Disorders (DSM-5)

Common set of behaviors
A. Persistent deficits in social communication and social interaction across multiple contexts:

Deficits in social-emotional reciprocity:
- Abnormal social approach
- Failure of normal back-and-forth conversation
- Reduced sharing of interests, emotions, or affect
- Failure to initiate or respond to social interactions

Deficits in nonverbal communicative behaviors used for social interaction:
- Poorly integrated verbal and nonverbal communication
- Abnormalities in eye contact and body language
- Deficits in understanding and use of gestures
- Total lack of facial expressions and nonverbal communications

Deficits in developing, maintaining, and understanding relationships:
- Difficulties adjusting behavior to suit various social contexts
- Difficulties in sharing imaginative play or in making friends
- Absence of interest in peers

B. Restricted, repetitive patterns of behavior, interests, or activities

- Stereotyped or repetitive motor movements, use of objects, or speech
  E.g. lining up toys or flipping objects, echolalia, idiosyncratic phrases

- Insistence on sameness, inflexible adherence to routines, or ritualized patterns or verbal nonverbal behavior
  E.g. extreme distress at small changes, difficulties with transitions, rigid thinking patterns, greeting rituals, need to take same route or eat food every day

- Highly restricted, fixated interests that are abnormal in intensity or focus
  E.g. strong attachment to or preoccupation with unusual objects, excessively circumscribed or perseverative interest

- Hyper- or hyporeactivity to sensory input or unusual interests in sensory aspects of the environment
  E.g. apparent indifference to pain/temperature, adverse response to specific sounds or textures, excessive smelling or touching objects, visual fascination with lights or movements

Symptoms must be present in early developmental period

Symptoms cause clinically significant impairment in social, occupational, or other important areas of current functioning
Attention Deficit / Hyperactivity Disorder (ADHD)

Source: Diagnostic and Statistical Manual of Mental Disorders (DSM-5)

A neurodevelopmental disorder affecting both children and adults
Persistent or on-going pattern of behavior that affects way of daily life or typical development
Pattern of behavior, present in multiple settings (e.g. school and home)

Inattentive presentation:
Fails to give close attention to details or make careless mistakes
Has difficulty sustaining attention
Does not appear to listen
Struggles to follow through on instructions
Has difficulty with organization
Avoids or dislikes tasks requiring a lot of thinking
Loses things
Is easily distracted
Is forgetful in daily activities

Hyperactive-impulsive presentation:
Fidgets with hands or feet or squirms in chair
Has difficulty remaining seated
Runs about or climbs excessively in children; extreme restlessness in adults
Difficulty engaging in activities quietly
Act as if driven by a motor; adults will often feel inside like they were driven by a motor
Talks excessively
Blurts out answers before questions have been completed
Difficulty waiting or taking turns
Interrupts or intrudes upon others

BASIC ADVICE

Playing & Learning Advice – Children
- Spend time playing with your child
- Use simple activities that they can understand then gradually make them harder
- If child does not understand how to do something show them what to do step by step
- You may need to teach them one step at a time
- Provide your child with a rage of stimulation for learning – sing songs, look at pictures or books, allow them to feel different objects and textures
- ‘Toys’ can be simple everyday objects, e.g. you can recycle containers around the house for them to put things in/take things out of, fill a plastic bottle with stones to make a rattle
- Allow them to be around other children to watch and learn what they do

Playing with Others (Social Skills) Advice – Children
- Provide opportunities for child to be with other children
- Encourage other children to interact and play with your child
- Help your child to interact with other children, especially if they have movement or communication difficulties
- Young children play along side other children, approximately 3-4 years of age, they start to play games together

AN ACT PROVIDING FOR THE REHABILITATION, SELF-DEVELOPMENT AND SELF-RELIANCE OF DISABLED PERSONS AND THEIR INTEGRATION INTO THE MAINSTREAM OF SOCIETY AND FOR OTHER PURPOSES

TITLE I
GENERAL PROVISIONS

CHAPTER I
BASIC PRINCIPLE

Section 1. Title. — This Act shall be known and cited as the "Magna Carta for Disabled Persons."

Sec. 2. Declaration of Policy — The grant of the rights and privileges for disabled persons shall be guided by the following principles:

(a) Disabled persons are part of Philippine society, thus the State shall give full support to the improvement of the total well being of disabled persons and their integration into the mainstream of society. Toward this end, the State shall adopt policies ensuring the rehabilitation, self-development and self-reliance of disabled persons. It shall develop their skills and potentials to enable them to compete favorably for available opportunities.

(b) Disabled persons have the same rights as other people to take their proper place in society. They should be able to live freely and as independently as possible. This must be the concern of everyone — the family, community and all government and nongovernment organizations. Disabled persons’ rights must never be perceived as welfare services by the Government.

(c) The rehabilitation of the disabled persons shall be the concern of the Government in order to foster their capacity to attain a more meaningful, productive and satisfying life. To reach out to a greater number of disabled persons, the rehabilitation services and benefits shall be expanded beyond the traditional urban-based centers to community based programs, that will ensure full participation of different sectors as supported by national and local government agencies.

(d) The State also recognizes the role of the private sector in promoting the welfare of disabled persons and shall encourage partnership in programs that address their needs and concerns.

(e) To facilitate integration of disabled persons into the mainstream of society, the State shall advocate for and encourage respect for disabled persons. The State shall exert all efforts to remove all social, cultural, economic, environmental and attitudinal barriers that are prejudicial to disabled persons.
Sec. 3. Coverage. — This Act shall cover all disabled persons and, to the extent herein provided, departments, offices and agencies of the National Government or nongovernment organizations involved in the attainment of the objectives of this Act.

Sec. 4. Definition of Terms. — For purposes of this Act, these terms are defined as follows:

(a) Disabled persons are those suffering from restriction or different abilities, as a result of a mental, physical or sensory impairment, to perform an activity in the manner or within the range considered normal for a human being;

(b) Impairment is any loss, diminution or aberration of psychological, physiological, or anatomical structure or function;

(c) Disability shall mean 1) a physical or mental impairment that substantially limits one or more psychological, physiological or anatomical function of an individual or activities of such individual; 2) a record of such an impairment; or 3) being regarded as having such an impairment;

(d) Handicap refers to a disadvantage for a given individual, resulting from an impairment or a disability, that limits or prevents the function or activity, that is considered normal given the age and sex of the individual;

(e) Rehabilitation is an integrated approach to physical, social, cultural, spiritual, educational and vocational measures that create conditions for the individual to attain the highest possible level of functional ability;

(f) Social Barriers refer to the characteristics of institutions, whether legal, economic, cultural, recreational or other, any human group, community, or society which limit the fullest possible participation of disabled persons in the life of the group. Social barriers include negative attitudes which tend to single out and exclude disabled persons and which distort roles and inter-personal relationships;

(g) Auxiliary Aids and Services include:

(1) qualified interpreters or other effective methods of delivering materials to individuals with hearing impairments;

(2) qualified readers, taped tests, or other effective methods of delivering materials to individuals with visual impairments;

(3) acquisition or modification of equipment or devices; and

(4) other similar services and actions or all types of aids and services that facilitate the learning process of people with mental disability.

(h) Reasonable Accommodation include 1) improvement of existing facilities used by employees in order to render these readily accessible to and usable by disabled persons;
and 2) modification of work schedules, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustments or modifications of examinations, training materials or company policies, rules and regulations, the provision of auxiliary aids and services, and other similar accommodations for disabled persons;

(i) Sheltered Employment refers to the provision of productive work for disabled persons through workshops providing special facilities, income-producing projects or homework schemes with a view to giving them the opportunity to earn a living thus enabling them to acquire a working capacity required in open industry;

(j) Auxiliary Social Services are the supportive activities in the delivery of social services to the marginalized sectors of society;

(k) Marginalized Disabled Persons refer to disabled persons who lack access to rehabilitative services and opportunities to be able to participate fully in socioeconomic activities and who have no means of livelihood and whose incomes fall below the poverty threshold;

(l) Qualified Individual with a Disability shall mean an individual with a disability who, with or without reasonable accommodations, can perform the essential functions of the employment position that such individual holds or desires. However, consideration shall be given to the employer’s judgment as to what functions of a job are essential, and if an employer has prepared a written description before advertising or interviewing applicants for the job, this description shall be considered evidence of the essential functions of the job;

(m) Readily Achievable means a goal can be easily attained and carried out without much difficulty or expense. In determining whether an action is readily achievable, factors to be considered include —

(1) the nature and cost of the action;

(2) the overall financial resources of the facility or facilities involved in the action; the number of persons employed at such facility; the effect on expenses and resources, or the impact otherwise of such action upon the operation of the facility;

(3) the overall financial resources of the covered entity with respect to the number of its employees; the number, type and location of its facilities; and

(4) the type of operation or operations of the covered entity, including the composition, structure and functions of the work force of such entity; the geographic separateness, administrative or fiscal relationship of the facility or facilities in question to the covered entity.

(n) Public Transportation means transportation by air, land and sea that provides the public with general or special service on a regular and continuing basis;
(o) Covered Entity means an employer, employment agency, labor organization or joint-labor management committee; and

(p) Commerce shall be taken to mean as travel, trade, traffic, commerce, transportation, or communication among the provinces or between any foreign country or any territory or possession and any province.

TITLE II
RIGHTS AND PRIVILEGES OF DISABLED PERSONS

CHAPTER I
EMPLOYMENT

Sec. 5. Equal Opportunity for Employment. — No disable person shall be denied access to opportunities for suitable employment. A qualified disabled employee shall be subject to the same terms and conditions of employment and the same compensation, privileges, benefits, fringe benefits, incentives or allowances as a qualified able-bodied person.

Five percent (5%) of all casual emergency and contractual positions in the Departments of Social Welfare and Development; Health; Education, Culture and Sports; and other government agencies, offices or corporations engaged in social development shall be reserved for disabled persons.

Sec. 6. Sheltered Employment — If suitable employment for disabled persons cannot be found through open employment as provided in the immediately preceding Section, the State shall endeavor to provide it by means of sheltered employment. In the placement of disabled persons in sheltered employment, it shall accord due regard to the individual qualities, vocational goals and inclinations to ensure a good working atmosphere and efficient production.

Sec. 7. Apprenticeship. — Subject to the provisions of the Labor Code as amended, disabled persons shall be eligible as apprentices or learners: Provided, That their handicap is not as much as to effectively impede the performance of job operations in the particular occupation for which they are hired; Provided, further, That after the lapse of the period of apprenticeship, if found satisfactory in the job performance, they shall be eligible for employment.

Sec. 8. Incentives for Employers. — (a) To encourage the active participation of the private sector in promoting the welfare of disabled persons and to ensure gainful employment for qualified disabled persons, adequate incentives shall be provided to private entities which employ disabled persons.

(b) Private entities that employ disabled persons who meet the required skills or qualifications, either as regular employee, apprentice or learner, shall be entitled to an additional deduction, from their gross income, equivalent to twenty-five percent (25%) of the total amount paid as salaries and wages to disabled persons: Provided, however, That such entities present proof as certified by the Department of Labor and Employment that disabled persons are under their employ: Provided, further, That the disabled employee is
accredited with the Department of Labor and Employment and the Department of Health as to his disability, skills and qualifications.

(c) Private entities that improve or modify their physical facilities in order to provide reasonable accommodation for disabled persons shall also be entitled to an additional deduction from their net taxable income, equivalent to fifty percent (50%) of the direct costs of the improvements or modifications. This Section, however, does not apply to improvements or modifications of facilities required under Batas Pambansa Bilang 344.

Sec. 9. Vocational Rehabilitation. — Consistent with the principle of equal opportunity for disabled workers and workers in general, the State shall take appropriate vocational rehabilitation measures that shall serve to develop the skills and potentials of disabled persons and enable them to compete favorably for available productive and remunerative employment opportunities in the labor market.

The State shall also take measures to ensure the provision of vocational rehabilitation and livelihood services for disabled persons in the rural areas. In addition, it shall promote cooperation and coordination between the government and nongovernmental organizations and other private entities engaged in vocational rehabilitation activities.

The Department of Social Welfare and Development shall design and implement training programs that will provide disabled persons with vocational skills to enable them to engage in livelihood activities or obtain gainful employment. The Department of Labor and Employment shall likewise design and conduct training programs geared towards providing disabled persons with skills for livelihood.

Sec. 10. Vocational Guidance and Counseling. — The Department of Social and Welfare and Development, shall implement measures providing and evaluating vocational guidance and counseling to enable disabled persons to secure, retain and advance in employment. It shall ensure the availability and training of counselors and other suitably qualified staff responsible for the vocational guidance and counseling of disabled persons.

Sec. 11. Implementing Rules and Regulations. — The Department of Labor and Employment shall in coordination with the Department of Social Welfare and Development (DSWD) and National Council for the Welfare of the Disabled Persons (NCWDP) shall promulgate the rules and regulations necessary to implement the provisions under this Chapter.

CHAPTER II
EDUCATION

Sec. 12. Access to Quality Education. — The State shall ensure that disabled persons are provided with access to quality education and ample opportunities to develop their skills. It shall take appropriate steps to make such education accessible to all disabled persons. It shall be unlawful for any learning institution to deny a disabled person admission to any course it offers by reason of handicap or disability.

The State shall take into consideration the special requirements of disabled persons in the formulation of educational policies and programs. It shall encourage learning institutions
to take into account the special needs of disabled persons with respect to the use of school facilities, class schedules, physical education requirements, and other pertinent consideration.

The State shall also promote the provision by learning institutions, especially higher learning institutions of auxiliary services that will facilitate the learning process for disabled persons.

Sec. 13. Assistance to Disabled Students. — The State shall provide financial assistance to economically marginalized but deserving disabled students pursuing post secondary or tertiary education. Such assistance may be in the form of scholarship grants, student loan programs, subsidies, and other incentives to qualified disabled students in both public and private schools. At least five percent (5%) of the allocation for the Private Education Student Financial Assistance Program created by virtue of R.A. 6725 shall be set aside for disabled students pursuing vocational or technical and degree courses.

Sec. 14. **TITLE III**
**PROHIBITION ON DISCRIMINATION AGAINST DISABLED PERSONS**

**CHAPTER I**
**DISCRIMINATION ON EMPLOYMENT**

Sec. 32. Discrimination on Employment. — No entity, whether public or private, shall discriminate against a qualified disabled person by reason of disability in regard to job application procedures, the hiring, promotion, or discharge of employees, employee compensation, job training, and other terms, conditions, and privileges of employment. The following constitute acts of discrimination:

(a) Limiting, segregating or classifying a disabled job applicant in such a manner that adversely affects his work opportunities;

(b) Using qualification standards, employment tests or other selection criteria that screen out or tend to screen out a disabled person unless such standards, tests or other selection criteria are shown to be job-related for the position in question and are consistent with business necessity;

(c) Utilizing standards, criteria, or methods of administration that: (1) have the effect of discrimination on the basis of disability; or

(2) perpetuate the discrimination of others who are subject to common administrative control.

(d) Providing less compensation, such as salary, wage or other forms of remuneration and
fringe benefits, to a qualified disabled employee, by reason of his disability, than the amount to which a non-disabled person performing the same work is entitled;

(e) Favoring a non-disabled employee over a qualified disabled employee with respect to promotion, training opportunities, study and scholarship grants, solely on account of the latter's disability;

(f) Re-assigning or transferring a disabled employee to a job or position he cannot perform by reason of his disability;

(g) Dismissing or terminating the services of a disabled employee by reason of his disability unless the employer can prove that he impairs the satisfactory performance of the work involved to the prejudice of the business entity: Provided, however, That the employer first sought to provide reasonable accommodations for disabled persons;

(h) Failing to select or administer in the most effective manner employment tests which accurately reflect the skills, aptitude or other factor of the disabled applicant or employee that such tests purports to measure, rather than the impaired sensory, manual or speaking skills of such applicant or employee, if any; and

(i) Excluding disabled persons from membership in labor unions or similar organizations.

Sec. 33. Employment Entrance Examination. — Upon an offer of employment, a disabled applicant may be subjected to medical examination, on the following occasions: (a) all entering employees are subjected to such an examination regardless of disability;

(b) information obtained during the medical condition or history of the applicant is collected and maintained on separate forms and in separate medical files and is treated as a confidential medical record; Provided, however, That:

(1) supervisors and managers may be informed regarding necessary restrictions on the work or duties of the employees and necessary accommodations;
(2) first aid and safety personnel may be informed, when appropriate, if the disability may require emergency treatment;
(3) government officials investigating compliance with this Act shall be provided relevant information on request; and
(4) the results of such examination are used only in accordance with this Act.

CHAPTER II
DISCRIMINATION ON TRANSPORTATION
Sec. 34. Public Transportation. — It shall be considered discrimination for the franchisees or operators and personnel of sea, land, and air transportation facilities to charge higher fare or to refuse to convey a passenger, his orthopedic devices, personal effects, and merchandise by reason of his disability.

CHAPTER III
DISCRIMINATION ON THE USE OF PUBLIC ACCOMMODATIONS AND SERVICES
Sec. 35. Public Accommodations and Services. — For purposes of this Chapter, public accommodations and services shall include the following: (a) an inn, hotel, motel, or other place of lodging, except for an establishment located within a building that contains not more than five (5) rooms for rent or hire and that is actually occupied by the proprietor of such establishment as the residence of such proprietor;

(b) a restaurant, bar, or other establishment serving food or drink;
(c) a motion picture, theater, concert hall, stadium, or other place of exhibition or entertainment;
(d) an auditorium, convention center, lecture hall, or other place of public gathering;
(e) a bakery, grocery store, hardware store, shopping center, or other sales or rental establishment;
(f) a bank, barber shop, beauty shop, travel service, funeral parlor, gas station, office of a lawyer, pharmacy, insurance office, professional office of a health care provider, hospital or other service establishment;
(g) a terminal, depot, or other station used for specified public transportation;
(h) a museum, gallery, library or other place of public display or collection;
(i) a park, zoo, amusement park, or other place of recreation;
(j) a nursery, elementary, secondary, undergraduate, or post-graduate private school, or other place of education;
(k) a gymnasium, health spa, bowling alley, golf course; or
(l) other place of exercise or recreation.

Sec. 36. Discrimination on the Use of Public Accommodations. — (a) No disabled person shall be discriminated on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages or accommodations of any place of public accommodation by any person who owns, leases, or operates a place of public accommodation. The following constitute acts of discrimination:

(1) denying a disabled person, directly or through contractual, licensing, or other arrangement, the opportunity to participate in or benefit from the goods, services, facilities, privileges, advantages, or accommodations of an entity by reason of his disability;

(2) affording a disabled person, on the basis of his disability, directly or through contractual, licensing, or other arrangement, with the opportunity to participate in or benefit from a good service, facility, privilege, advantage, or accommodation that is not equal to that afforded to other able-bodied persons; and

(3) providing a disabled person, on the basis of his disability, directly or through contractual, licensing, or other arrangement, with a good, service, facility, advantage, privilege, or accommodation that is different or separate form that provided to other able-bodied persons unless such action is necessary to provide the disabled person with a good, service, facility, advantage, privilege, or accommodation, or other opportunity that is as effective as that provided to others;
For purposes of this Section, the term "individuals or class of individuals" refers to the clients or customers of the covered public accommodation that enters into the contractual, licensing or other arrangement.

(b) Integrated Settings — Goods, services, facilities, privileges, advantages, and accommodations shall be afforded to individual with a disability in the most integrated setting appropriate to the needs of the individual.

(c) Opportunity to Participate — Notwithstanding the existence of separate or different programs or activities provided in accordance with this Section, an individual with a disability shall not be denied the opportunity to participate in such programs or activities that are not separate or different.

(d) Association — It shall be discriminatory to exclude or otherwise deny equal goods, services, facilities, advantages, privileges, accommodations or other opportunities to an individual or entity because of the known disability of an individual with whom the individual or entity is known to have a relationship or association.

(e) Prohibitions — For purposes of this Section, the following shall be considered as discriminatory:

1. the imposition or application of eligibility criteria that screen out or tend to screen out an individual with a disability or any class or individuals with disabilities from fully and equally enjoying any goods, services, facilities, privileges, advantages, or accommodations, unless such criteria can be shown to be necessary for the provision of the goods, services, facilities, privileges, or accommodations being offered;

2. a failure to make reasonable modifications in policies, practices, or procedures, when such modifications are necessary to afford such goods, services, facilities, privileges, advantages, or accommodations to individuals with disabilities, unless the entity can demonstrate that making such modifications would fundamentally alter the nature of the goods, facilities, services, privileges, advantages, or accommodations;

3. failure to take such steps as may be necessary to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently than other individuals because of the absence of auxiliary aids and services, unless the entity can demonstrate that taking such steps would fundamentally alter the nature of the good, service, facility, privilege, advantage or accommodation being offered or would result in undue burden;

4. a failure to remove architectural barriers, and communication barriers that are structural in nature, in existing facilities, where such removal is readily achievable; and

5. where an entity can demonstrate that the removal of a barrier under clause (4) is not readily achievable, a failure to make such goods, services, facilities, privileges, advantages, or accommodations available through alternative methods if such methods are readily achievable.
Sec. 37. Use of Government Recreational or Sports Centers Free of Charge. — Recreational or sports centers owned or operated by the Government shall be used, free of charge, by marginalized disabled persons during their social, sports or recreational activities.

Sec. 38. Implementing Rules and Regulations. — The Department of Public Works and Highways shall formulate the rules and regulations necessary to implement the provisions of this Chapter.

TITLE IV
FINAL PROVISIONS
Sec. 39. Housing Program. — The National Government shall take into consideration in its national shelter program the special housing requirements of disabled persons.

Sec. 40. Role of National Agencies and Local Government Units. — Local government units shall promote the establishment of organizations of disabled persons in their respective territorial jurisdictions. National agencies and local government units may enter into joint ventures with organizations or associations of disabled persons to explore livelihood opportunities and other undertakings that shall enhance the health, physical fitness and the economic and social well-being of disabled persons.

Sec. 41. Support From Nongovernment Organizations. — Nongovernment organizations or private volunteer organizations dedicated to the purpose of promoting and enhancing the welfare of disabled persons shall, as they, are hereby encouraged, become partners of the Government in the implementation of vocational rehabilitation measures and other related programs and projects. Accordingly, their participation in the implementation of said measures, programs and projects is to be extended all possible support by the Government.

The Government shall sponsor a volunteer service program which shall harness the involvement of private individuals in the provision of assistance to disabled persons.

(b) Donations from foreign countries shall be exempt from taxes and duties on importation subject to the provisions of Section 105 of the Tariff and Customs Code of the Philippines, as amended, Section 103 of the NIRC, as amended and other relevant laws and international agreements.

(c) Local manufacturing or technical aids and appliances used by disabled persons shall be considered as a preferred area of investment subject to the provisions of Executive Order No. 226 otherwise known as the "Omnibus Investments Code of 1987" and, as such, shall enjoy the rights, privileges and incentives as provided in said Code such as, but not
limited, to the following:

(1) repatriation of investments; (2) remittance of earnings; (3) remittance of payments on foreign contracts; (4) freedom from expropriations; (5) freedom from requisition of investment; (6) income tax holiday; (7) additional deduction for labor expense; (8) tax and duty exemption on imported capital equipment; (9) tax credit on domestic capital equipment; (10) exemption from contractor’s tax; (11) simplification of customs procedures;

(12) unrestricted use of consigned equipment; (13) employment of foreign nationals; (14) tax credit for taxes and duties on raw materials; (15) access to bonded manufacturing/traded warehouse system; (16) exemption from taxes and duties on imported spare parts; and (17) exemption from wharfage dues and any export tax, duty, impost and fee.

Sec. 43. Continuity Clause. — Should any department or agency tasked with the enforcement or formulation of rules and regulations and guidelines for implementation of any provision of this Act is abolished, merged with another department or agency or modified, such shall not affect the enforcement or formulation of rules, regulations and guidelines for implementation of this Act to the effect that —

(a) In case of abolition, the department or agency established to replace the abolished department or agency shall take-over the functions under this Act of the abolished department or agency.

(b) In case the department or agency tasked with the enforcement or formulation of rules, regulations and guidelines for implementation of this Act is merged with another department or agency, the former shall continue the functions under this Act of the merged department or agency.

(c) In case of modification, the department or agency modified shall continue the functions under this Act of the department or agency that has undergone the modification.

Sec. 44. Enforcement by the Secretary of Justice. — (a) Denial of Right (1) Duty to Investigate — the Secretary of Justice shall investigate alleged violations of this Act, and shall undertake periodic reviews of compliance of covered entities under this Act.

(b) Potential Violations — If the Secretary of Justice has reasonable cause to believe that — (1) any person or group of persons is engaged in a pattern or practice of discrimination under this Act; or

(2) any person or group or persons has been discriminated against under this Act and such discrimination raises an issue of general public importance, the Secretary of Justice may commence a legal action in any appropriate court.

Sec. 45. Authority of Court. — The court may grant any equitable relief that such court considers to be appropriate, including, to the extent required by this Act: (a) granting
temporary, preliminary or permanent relief;

(b) providing an auxiliary aid or service, modification of policy, practice or procedure, or alternative method; and

(c) making facilities readily accessible to and usable by individuals with disabilities.

Sec. 46. Penal Clause. — (a) Any person who violates any provision of this Act shall suffer the following penalties: (1) for the first violation, a fine of not less than Fifty thousand pesos (P50,000.00) but not exceeding One hundred thousand pesos (P100,000.00) or imprisonment of not less than six (6) months but not more than two (2) years, or both at the discretion of the court; and

(2) for any subsequent violation, a fine of not less than One hundred thousand pesos (P100,000.00) but not exceeding Two hundred thousand pesos (P200,000.00) or imprisonment for not less than two (2) years but not more than six (6) years, or both at the discretion of the court.

(b) Any person who abuses the privileges granted herein shall be punished with imprisonment of not less than six (6) months or a fine of not less than Five thousand pesos (P5,000.00), but not more than Fifty thousand pesos (P50,000.00), or both, at the discretion of the court.

(c) If the violator is a corporation, organization or any similar entity, the officials thereof directly involved shall be liable therefor.

(d) If the violator is an alien or a foreigner, he shall be deported immediately after service of sentence without further deportation proceedings.

Sec. 47. Appropriations. — The amount necessary to carry out the provisions of this Act shall be included in the General Appropriations Act of the year following its enactment into law and thereafter.

Sec. 48. Separability Clause. — Should any provisions of this Act be found unconstitutional by a court of law, such provisions shall be severed from the remainder of the Act, and such action shall not affect the enforceability of the remaining provisions of this Act.

Sec. 49. Repealing Clause. — All laws, presidential decrees, executive orders and rules and regulations inconsistent with the provisions of this Act are hereby repealed or modified accordingly.

Sec. 50. Effectivity. — This Act shall take effect fifteen (15) days after its publication in any two (2) newspapers of general circulation.

6.5 Air and Sea Transportation Privileges – At least twenty percent (20%) discounts in fare for domestic air, and sea travel based on the actual fare except promotional fare. If the promotional fare discount is higher than the twenty percent (20%) discounts privilege, the persons with disability may choose the promotional fare and should no longer be entitled to the twenty percent (20%) discounts privilege.

6.5.1 The Maritime Industry Authority (MARINA) shall issue corresponding circulars or directives to the shipping industry for the implementation of these rules to ensure compliance herewith, as well as requirements to ship operators/owners to disseminate information on the benefits of the persons with disability by posters, handbills or pamphlets on board vessels.

6.5.2 The Civil Aeronautics Board (CAB) shall issue corresponding guidelines, circulars or directives related to air transport services and shall disseminate such information as mentioned above.

6.6 Land Transportation Privileges – At least twenty percent (20%) discounts in bus fares such as ordinary, aircon fares and on public railways such as LRT, MRT, PNR, and such other similar infrastructure that will be constructed, established and operated by public or private entity. Toll fees of skyways and expressways are likewise subject to at least twenty percent (20%) discounts, however, this privilege can be availed only by a person with disability owning the vehicle. The Department of Transportation and Communications (DOTC), Light Rail Transit Authority (LRTA),
Philippine National Railways (PNR), Toll Regulatory Board (TRB) and Land Transportation Franchising and Regulatory Board (LTFRB) shall issue corresponding circulars or directives to the public land transport sector for the implementation of these rules to ensure compliance herewith, as well as requirements to these operators to disseminate information on the benefits of the persons with disability by posters, handbills or pamphlets on board their vehicles.

6.7 Educational Privileges – Educational assistance to persons with disability, for them to pursue primary, secondary, tertiary, post tertiary, as well as vocational or technical education in both public and private schools through the provision of scholarships, grants, financial aids, subsidies and other incentives to qualified persons with disability, including support for books, learning materials, and uniform allowance, to the extent feasible: Provided, that persons with disability shall meet the minimum admission requirements set by the Department of Education (DEPED), Commission on Higher Education Department (CHED), Technical Education and Skills Development Authority (TESDA) and other entities engaged in the grant of scholarship and financial assistance for the education of persons with disability. For the purposes of this rule, primary education shall include nursery and kindergarten whether in private or public school. The source of funding in addition to the Private Education Student Financial Assistance (PESFA) fund scholarship for the implementation of the above shall be the one percent (1%) allocation for persons with disability in DEPED, CHED, TESDA and other training and educational government agencies as required by General Appropriation Act, subject to the guidelines issued by the DEPED, CHED and TESDA.

6.8 Benefits and Privileges for Retirees with Disability
6.8.1 To the extent practicable and feasible, the persons with disability shall be granted for the continuance of the same benefits and privileges given by the Government Service Insurance System (GSIS), Social Security System (SSS) and PAG-IBIG, as the case may be or, as enjoyed by those in actual service.
6.8.2 Retirement benefits of retirees from both the government and the private sector shall be regularly reviewed to ensure their continuing responsiveness and sustainability, and to the extent practicable and feasible, shall be upgraded to be at par with the current scale enjoyed by those in active service;

6.9 Privileges on Granting Special Discounts in Special Programs To the extent possible, the government may grant special discounts in special programs for persons with disability on purchase of basic necessities and prime commodities in supermarkets and grocery stores. The Department of Trade and Industry (DTI) and the Department of Agriculture (DA) shall issue necessary guidelines for the implementation of this scheme.

6.10 Express Lanes Privileges – Express lanes for persons with disability shall be provided in all private, commercial and government establishments; in the absence thereof, priority shall be given to them in all the transactions of the establishments. LGUs shall ensure that this provision is implemented within their area of jurisdiction.
There should be an assigned person in all government agencies/offices and private establishments and to provide a section or desk manned by trained personnel to assist persons with disability. The personnel assigned shall be part of the existing manpower in all other government agencies/offices and private establishment as the case maybe or whenever possible.

6.11 The abovementioned privileges are available only to persons with disability who are Filipino citizens upon submission of any of the following as proof of his/her entitlement thereto subject to the guidelines issued by the NCWDP in coordination with DSWD, DOH and DILG.

6.11.1 An identification card issued by the city or municipal mayor or the barangay captains of the place where the persons with disability resides;
6.11.2 The passport of the persons with disability concerned; or
6.11.3 Transportation discount fare Identification Card (ID) issued by the National Council for the Welfare of Disabled Persons (NCWDP). However, upon effectivity of this Implementing Rules and Regulations, NCWDP will already adopt the Identification card issued by the Local Government Unit for purposes of uniformity in the implementation. NCWDP will provide the design and specification of the identification card that will be issued by the Local Government Units.

6.12 **Tax Incentives for Benefactors.** Those caring for and living with a person with disability shall be granted incentives in accordance with the provisions of the National Internal Revenue Code, as amended. For purposes of granting the incentives, persons with disability shall be treated as dependents under Section 35(A) of the National Internal Revenue Code, as amended, and as such, individual taxpayers providing care for them shall be accorded the privileges granted by the Code insofar as having dependents under the same section are concerned.

6.12.1 Availment of the ‘head of family status’ by benefactors of persons with disability. A benefactor of a person with disability whose civil status is single shall be considered as head of family and shall be allowed to avail himself/herself of that status. As such, he shall be entitled only to one basic personal exemption equivalent to Twenty-five thousand pesos (P25,000), or as allowed thereafter under the National Internal Revenue Code.

6.12.2 Married individuals with child/children with disability. – A married individual is entitled to a basic personal exemption equivalent to Thirty-two thousand pesos (P32,000) under Section 35(B) of the National Internal Revenue Code, as amended. If the married individual has a child or has children with disability, who is/are dependent on him/her for support, he/she shall be entitled to an additional exemption of Eight thousand pesos (P8,000) per qualified dependent (not exceeding four). A married individual is not entitled to the above additional exemption if he/she takes care of a person with disability who is not his/her child, unless he/she legally adopts the same.

6.12.3 Solo parents (under R.A. No. 8972 Solo Parent Act) with child/children with disability. – A single or legally separated individual who has a child, legitimate, illegitimate or legally adopted, is entitled to a basic personal exemption granted to a head of family. He/She is entitled also to an additional exemption of Eight thousand
pesos per qualified dependent (not exceeding four). A solo parent is not entitled to the above 6.12.1 additional exemption if he/she takes care of a person with disability who is not his/her child, unless he/she legally adopts the same.

6.12.4 Grandparents with grandchild/grandchildren with disability. A grandparent who is not legally separated or a widow/widower or a solo parent is entitled to a basic personal exemption of Thirty-two thousand pesos (P32,000) [the personal exemption granted to a married individual]. A grandparent who is legally separated or a widow/widower may still claim the same basic personal exemption as if he/she was separated or as if his/her spouse died at the close of the taxable year, as the case may be. If the grandparent, caring for a grandchild with disability, is legally separated or a solo parent, he/she is entitled only to the status of a head of a family and, as such, he/she shall be entitled only to the basic personal exemption equivalent to Twenty-five thousand pesos (P25,000). A grandparent, caring for a grandchild with disability, cannot avail for himself/herself the additional exemption enjoyed by a married individual or by a solo parent with regard to his/her dependent/s. A benefactor shall comply with all the requirements that shall hereinafter be issued by the Secretary of Finance, upon recommendation of the Commissioner of Internal Revenue, before he/she can avail of the incentives as provided for under the Act.

6.13 Individuals or nongovernmental institutions establishing homes, residential communities or retirement villages solely to suit the needs and requirements of persons with disability shall be accorded the following: (i) Realty tax holiday for the first five years of operation; and (ii) Priority in the building and/or maintenance of provincial or municipal roads leading to the aforesaid home, residential community or retirement village. The city and municipal government concerned where the homes, residential communities or retirement villages is located shall issue the implementing guidelines for the availment of this incentives.

6.14 Availment of Tax Deductions by Establishment Granting Twenty Percent 20% Discount – The establishments may claim the discounts granted in sub-sections (6.1), (6.2), (6.4), (6.5) and (6.6) as tax deductions based on the net cost of the goods sold or services rendered: Provided, however, that the cost of the discount shall be allowed as deduction from gross income for the same taxable year that the discount is granted: Provided, further, That the total amount of the claimed tax deduction net of value-added tax if applicable, shall be included in their gross sales receipts for tax purposes and shall be subject to proper documentation and to the provisions of the National Internal Revenue Code, as amended.

6.15 Prohibitions on Availment of Double Discounts The privileges mentioned in the foregoing shall not be claimed if the persons with disability claims a higher discount as may be granted by the commercial establishment and/or under other existing laws or in combination with other discount program/s.

(c) “Retailer” shall mean any natural or judicial person engaged in the business of selling consumer products directly to consumers, which shall include among others, supermarkets, grocery stores, convenience and mini-convenience stores and shops, excluding sari-sari stores with a capitalization of less than One Hundred Thousand Pesos (Php100,000), public and private wet markets, “talipapa” and cooperative stores;
(d) “Persons with Disability” shall refer to any person suffering from restriction or different abilities, as a result of mental, physical or sensory impairment, to perform an activity in a manner or within the range considered normal for human beings. Disability shall mean (1) a physical or mental impairment that substantially limits one or more psychological or anatomical function of an individual or activities of such individual; (2) a record of such impairment; or (3) being regarded as having such impairment.

Section 3. Discount – Every person with disability shall enjoy a special discount of five percent (5%) of the regular retail price of basic necessities and prime commodities listed under Section 2 (a) and (b) of this Order. The total amount of said purchase shall not exceed the amount of One thousand Three Hundred Pesos (Php1,300.00) per calendar week without carry over of the unused amount. Provided, that said amount shall be spent on items listed under Section 2 (a) and (b) of this Order commensurate to his/her personal and exclusive consumption and/or enjoyment within the calendar week.

Section 4. Valid Identification Documents – To avail of the discount, a person with disability must present his/her identification card issued by the National Council on Disability Affairs (NCDA) or by the authorized office of Local Government Units (LGUs) where he/she resides. The procedure for the issuance of identification cards shall be in accordance with NCDA Administrative Order No. 001, Series of 2008, issued 23 April 2008, and other relevant issuances. In the event that the retailer has reasonable doubt as to the identity of a person with disability availing of such special discount, the retailer may request the former to present any other government identification document, whether nationally or locally issued.

Section 5. Purchase Booklet – A purchase booklet shall be presented to the retailer every time a purchase of basic necessities and prime commodities is made. The purchase booklet shall conform to the attached template (Annex “A”) jointly prescribed by DTI and DA. The LGUs shall procure and distribute the purchase booklets to the persons with disability residing within their respective territorial jurisdiction. The purchase booklet shall contain the name of the person with disability, the list of basic necessities and prime commodities under Section 2 (a) and (b) of this Order. In addition, it shall also provide columns for the name of retail establishment and its address, date of purchase and the amount spent for the purchase thereof.

Section 6. Special Lane – Retailers shall provide a special express lane for persons with disability; in the absence thereof, priority shall be given to them.

Section 7. Prohibition of Availment of Double Discounts – The privilege herein granted shall not be claimed if the person with disability claims a higher discount as may be granted by the retail establishment and/or under other existing laws or in combination with other discount programs such as those extended to senior citizens.

Section 8. Authorized Representative – A person with disability who cannot personally purchase basic necessities and prime commodities under Section 2 (a) and (b) of this Order may, by written authority, appoint a representative to transact with the retailer on his/her behalf. The authorized representative shall be required to present a valid government issued identification document together with the LGU-issued identification document of the concerned person with disability and an authorization letter. However, for those who can impossibly purchase basic necessities and prime commodities under Section 2 (a) and (b) of this Order because of his/her disability, the permanent representative/s within the immediate family or the legal guardian, as the case maybe, shall automatically be considered even without the aforesaid written authorization; Provided that the name of the authorized person/s shall be indicated in the purchase booklet or in the identification card that will be issued to the person with disability.

Section 9. Penal and Administrative Sanctions - Penal and administrative sanctions are those which are provided under R.A. No. 9442.

Section 10. Effectivity – This Order shall take effect fifteen (15) days after its publication in a national newspaper of general circulation.
AN ACT ESTABLISHING AN INSTITUTIONAL MECHANISM TO ENSURE THE IMPLEMENTATION OF PROGRAMS AND SERVICES FOR PERSONS WITH DISABILITIES IN EVERY PROVINCE, CITY AND MUNICIPALITY, AMENDING REPUBLIC ACT NO. 7277, OTHERWISE KNOWN AS THE “MAGNA CARTA FOR DISABLED PERSONS”, AS AMENDED, AND FOR OTHER PURPOSES

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. Section 40 of Republic Act No. 7277, as amended, is hereby further amended to read as follows:

"SEC. 40. Role of National Agencies and Local Government Units. — (a) Local government units shall promote the establishment of organizations of persons with disabilities (PWDs) in their respective territorial jurisdictions. National agencies and local
government units may enter into joint ventures with organizations or associations of PWDs to explore livelihood opportunities and other undertakings that shall enhance the health, physical fitness and the economic and social well-being of PWDs.

"(b) Local government units shall organize and establish the following:

"(i) Persons with Disability Affairs Office (PDAO)

"A PDAO shall be created in every province, city and municipality. The local chief executive shall appoint a PWD affairs officer who shall manage and oversee the operations of the office, pursuant to its mandate under this Act. Priority shall be given to qualified PWDs to head and man the said office in carrying out the following functions:

"(i) Formulate and implement policies, plans and programs for the promotion of the welfare of PWDs in coordination with concerned national and local government agencies;

"(ii) Coordinate the implementation of the provisions of this Act, Batas Pambansa Blg. 344, otherwise known as the Accessibility Law, and other relevant laws at the local level;

"(iii) Represent PWDs in meetings of local development councils and other special bodies;

"(iv) Recommend and enjoin the participation of nongovernment organizations (NGOs) and people's organizations (POs) in the implementation of all disability-related laws and policies;

"(v) Gather and compile relevant data on PWDs in their localities;
"(vi) Disseminate information including, but not limited to, programs and activities for PWDs, statistics on PWDs, including children with disability, and training and employment opportunities for PWDs;

“(vii) Submit reports to the office of the local chief executive on the implementation of programs and services for the promotion of the welfare of PWDs in their respective areas of jurisdiction;

“(viii) Ensure that the policies, plans and programs for the promotion of the welfare of PWDs are funded by both the national and local government;

“(ix) Monitor fundraising activities being conducted for the benefit of PWDs;

“(x) Seek donations in cash or in kind from local or foreign donors to implement an approved work plan for PWDs, in accordance with existing laws and regulations; and

“(xi) Perform such other functions as may be necessary for the promotion and protection of the welfare of the PWDs.

“(2) Focal person

“In consideration of budget restraints, local chief executives (4th), fifth (5th) and sixth (6th) class municipalities may, in lieu of the creation of a PDAO, designate a focal person who shall perform the functions of the PDAO. Priority in appointment should be given to a PWD with experience in providing services to PWDs.

“The establishment of PDAO or the appointment of a focal person, as the case may be, should be done in consultation and coordination with the National Council on Disability Affairs (NCDA), NGOs and POs.”
SEC. 2. References to the term "Disabled Persons" on the title and other sections of the same Act are hereby amended to read as "Persons with Disabilities (PWDs)."

SEC. 3. Within three (3) years after the effectivity of this Act, appropriate agencies, headed by the Department of Social Welfare and Development (DSWD), in consultation with the NCDA and relevant NGOs and POs, shall review its implementation and recommend to Congress the need to mandate the establishment of a PDAO in fourth (4th), fifth (5th) and sixth (6th) class municipalities.

SEC. 4. In order to effectively carry out the objectives of Republic Act No. 7277, the National Government, through the DSWD, shall ensure that the annual budget includes provisions to fund programs and provide support for PWDs.

Local government units shall likewise ensure that the necessary fund from any available local revenues is allocated for the implementation of this Act for the benefit of PWDs in their jurisdictions.

SEC. 5. Repealing Clause. – All laws, presidential decrees, executive orders, and rules and regulations inconsistent with the provisions of this Act are hereby repealed or modified accordingly.

SEC. 6. Separability Clause. – If any provision of this Act is declared unconstitutional, the same shall not affect the validity and effectivity of the other provisions hereof.

SEC. 7. Effectivity. – This Act shall take effect fifteen (15) days after its publication in two (2) newspapers of general circulation or in the Official Gazette, whichever comes first.

APPENDIX B
Community-based Rehabilitation (CBR)
Developed by WHO

A multisectoral development strategy, the matrix was developed to provide a common framework for CBR programmes. The CBR matrix consists of five key components – the health, education, livelihood, social and empowerment components. Within each component there are five elements. The first four components relate to key development sectors, reflecting the multisectoral four of CBR. The final component relates to key development sectors and improving the quality of life and enjoyment of human rights of people with disabilities.
